

Stakeholder Engagement in Practice

Now is the time to act!

IRPA 12

Special Technical Session 3

C. Rick Jones

Stakeholder Engagement in Practice

- ◆ Historical Evolution
 - ◆ Decide, Announce, Defend - DAD
 - ◆ Meet, Understand, Modify - MUM
 - ◆ Share, Open, Negotiate - SON
- ◆ Expectation for more Participatory Governance

Stakeholder Engagement in Practice

- ◆ Who is your stakeholder?
 - ◆ Anyone who can advance or stop your proposed activity
- ◆ Changes with time
- ◆ Resources needed

Stakeholder Engagement in Practice

- ◆ Features of an effective program:
 - ◆ Be Proactive
 - ◆ Be Open and Inclusive
 - ◆ Be Honest
 - ◆ Be Responsive
 - ◆ Be Transparent
 - ◆ Use Two-Way Dialogue
 - ◆ Implement Feedback and Continuous Improvement

Stakeholder Engagement in Practice

- ◆ Opportunities for action now:
 - ◆ Academic curricula and training
 - ◆ Roles and Responsibilities
 - ◆ Professional Societies
 - ◆ Establish a repository of documents
 - ◆ Establish stakeholder relationships using multidisciplinary teams

Stakeholder Engagement in Practice

- ◆ In Conclusion:
 - ◆ Responsibility to advance the quality of life through the appropriate use of radiation.
 - ◆ Using stakeholder engagement, establish multidisciplinary teams of professionals now to engage with stakeholders on key issues facing the profession and society.
